

LITTLE FLOWER COLLEGE GURUVAYOOR

College with Potential for Excellence

Affiliated to University of Calicut

POLICY FOR GREEN PROTOCOL

1. Discourage the use of plastic materials within the campus to save the environment.
2. Ensure the Reduce, Recycle, Reuse Philosophy in all academic activities like seminars and workshops avoiding paper and use reusable or biodegradable materials like banana or areca nut palm leaves.
3. Minimize the use of print and avoid plastic stationary articles such as files, pen stand and tray used in the departments.
4. Encourage greeting dignitaries with eco -friendly articles.
5. Disseminate the green policies through training students to conserve the natural resources like water, energy and soil with responsibility.
6. Mandate safe disposal of all waste biodegradable and non –biodegradable. Plastic and e- waste to be given for recycling at designated centers.
7. Promote the use of earthen pots for growing plants in the college campus.
8. Encourage the use of cloth or paper bags and promotes training workshops to make cloth bags.
9. Encourage the culture of promoting vegetable and flower gardens.
10. Promote the culture of clean and green campus.
11. Promote one student one tree campaign.
12. Promote tree planting within and outside the campus.
