LITTLE FLOWER COLLEGE  
GURUVAYOOR

NEWS LETTER 2019-2020

ISSUE 3 - JUNE 2020

**Rev. Sr. Dr. Jeesma Therese**  
(Valsam A)  
*Principal*

May the good God shower thousands of his choicest blessings upon all of us.

*Mathew 11:28-29*

Greetings from Little Flower College Guruvayur. The academic year 2020-2021 opened with the Covid-19 pandemic raging in the background. When the whole world reels under this unprecedented calamity, we extend our prayerful wishes to the brothers and sisters of all continents. The lockdown was taken up by our faculty and students as a time to garner academic and non-academic achievement and do our bit to spread positive energy to the society. All of us did our part in nurturing mother earth through organic farming. The students and faculty also took up a large number of online courses and competitions.

For the first time in history, the college reopened without the beautiful sight of students surging through the gates. The new social situation created by the pandemic has necessitated revolutionary transformations in the teaching & learning methods. Academics has undergone a forced movement from classrooms to online platforms. The role of teachers has

taken a drastic and tremendous change in the current situation. An exceptional level of technological acquaintance is being demanded of the faculty and students all of a sudden. The college is also all set for the third cycle of NAAC Accreditation.

However, we are taking up the challenge with astounding determination. We are geared up for the technological transformation and development in the education field and we are determined face all odds to reach each and every one of the students through the online classes. Our students are also in for a novel academic experience this year. I extend my hearty congratulations to all the staff and students who engaged themselves in relief measures during the pandemic through activities like the distribution of sanitizers and face masks. I register a special appreciation for the Department of Chemistry for rising up to the challenge and producing mass volumes of sanitizer for the society.

I extend the best of wishes to all.

Let us radiate the light of knowledge that we have gained into the society around us.

*Isiah 60:1*
