6	S KUMAR	<p>One of the most amazing and enjoyable periods in a person's life is college. A person needs to have this experience in their life because college life is different from school life. We are exposed to completely new experiences in college life that we had always hoped to have after high school. Those that get the chance to enjoy college life are fortunate because many people don't because of personal problems. College Life means something different to each individual. While some students spend their college years partying with friends, others grow more career-conscious and put a lot of effort into their studies. In any case, everyone appreciates their time in college and always longs to go back to it after it is finished.</p> <p>I now want to talk about my college, L.F. College in Guruvayur, a women's Catholic college that is connected to the University of Calicut. By using the National Institutional Ranking Framework (NIRF), the college was given the 49th-best ranking in India in 2017. Our college offers a wide variety of courses with top-notch faculty and well-equipped facilities, as well as extracurricular activities tailored to the interests of the students.</p>
