Education of girls; A burden or not

"If you educate a man, you educate an individual, but if you educate a woman, you educate a family." This is a famous quote made by Dr. James Emmanuvel. The quote conveys the importance or necessity of educating a girl. As per the Indian Constitution, free and compulsory education is the right of every child belonging to the age group 6 to 14. But, it is not fully implemented & never even in these generations girls are denied from having education.

What is education? Education is a process that results into total or overall development of an individual. By denying education, it causes a lack of completeness in his/her character. Education is...
