DAY HOME “ PAKAL VEED”

While the lives of the esteemed mothers in the daycare were flowing calmly and beautifully, in April 2017, Mary Palakkal and Mary Olakkengil decided to stay at home since they were not feeling well enough to travel. The nuns in charge of their ministry visited their homes from time to time and provided necessary services and care.

In October 2017, another woman, Leela Sambarikal, joined in this ‘Day Home’. Mary Olakkengil returned to full recovery, but later suffered a stroke, paralyzed one side, and died on March 11 in her own house.

These mothers also take part in any celebration at the Pushpalaya Convent, the ashram of the dedicated sisters who live to officiate at the Victory Center, as their household. The mothers are satisfied and happy with the daily routine and the ashram atmosphere here.
