DAY HOME “ PAKAL VEED”

In April 2018, there were 3 mothers in the Day Home. On September, 2 more people came and joined. So, now there are 5 members. The Sisters who care for the mothers are committed to being in constant contact with the families of these mothers. The Sisters of the Asram focus on preparing members to take a peaceful stand on issues related to their families.

Mothers find peace and well-being in the way of life and the serene and prayerful atmosphere here. Besides, the loving interactions of college students and teachers, and their closeness, are a lifeline to these elderly mothers.
